

# *Talking About Touching*

This is a great  
intro for families who will  
be enrolled in the spring  
Safety Playgroup!

*a free parent workshop to help you protect your  
children from sexual abuse*

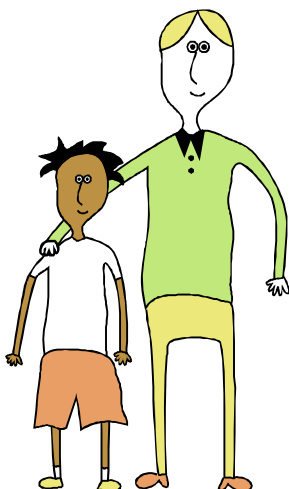

The statistics are staggering...one-third of all sexual abuse cases involve children under the age of 5, and between 80% and 90% of abusers are known, loved and trusted by their victims.

**Learn how to talk to your children about this tough issue!**

The workshop includes a video entitled, *What Do I Say Now?* and a discussion about teaching personal safety rules and touching safety for young children. You will leave with a basic vocabulary to use with your children throughout their growing years.

facilitated by

**Judith A. Dixon, M.Ed. and *Talking About Touching* Trainer**

**Wednesday, April 6, 2011  
7:00 - 8:30 PM  
at Natick Early Childhood Network
