

Natick Early Childhood Network

Natick Families Helping Natick Families

Natick Early Childhood Network provides free support, enrichment and resources to over 400 families each year. We partner with over 30 other Natick community service organizations to ensure that Natick families with young children have access to the resources they need.

Approximately 200 Natick families will need support from our community to be able to enjoy a Thanksgiving dinner this year. The Natick Service Council provides these meals with the help of sponsorships from Natick families and businesses.

We encourage our NECN families to consider sponsoring a Natick family to provide this holiday meal. You can help as a family, or work with neighbors and friends as a group.

Please call Lindsey or Pam at NECN, 508-655-2557, for more information about how you can help!

Please call soon: meals are delivered on November 23.
